

# THE INTERPRETER AND THE MASK IN COMEDY

PROJECTE  
LONGÀNIME

FROM 27TH JULY TO 1ST AUGUST

# THE INTERPRETER AND THE MASK IN COMEDY

Course in the interpretation of the characters of the Comédia de l'Art based on the technique of the mask, the connection with the audience and the improvisation and play with fellow actors.

Immersive week in the work system, stage conception and improvisation that the company Projecte Longànime uses in the creation and execution of its shows.

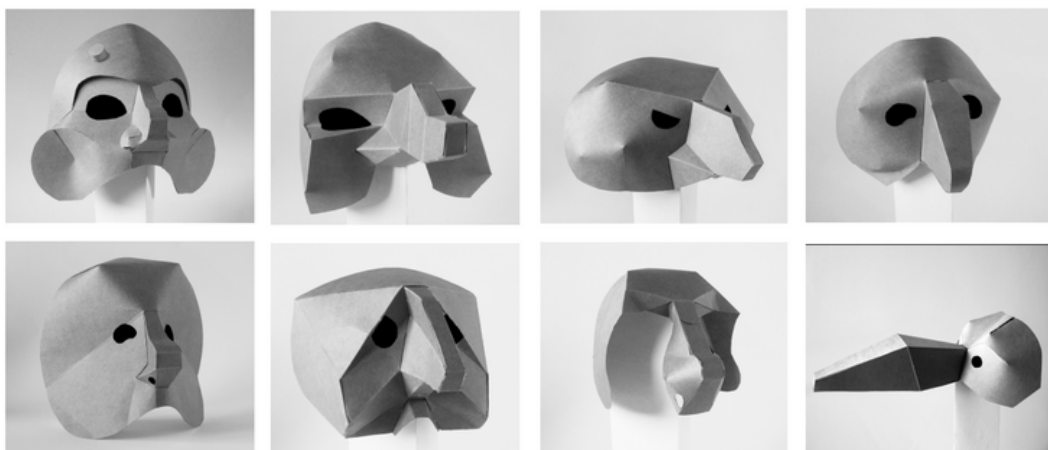

The aim is to give the participants artistic tools around the interpretation with a mask in the comic and tragic universe that proposes the team creation of improvised comedy.

In the sessions, they work on various aspects that make up the theatrical play of the comedy:

- Construction of masks: We will work with cardboard to be quick and effective in understanding the characters and their personalization. Each participant will make their own set of masks to work with.
- Technical mask work.
- Character and movement.
- The fourth wall and the connection with the public.
- Improvisation and mask as a show: Guidelines, patterns and rhythms.

Intensive course of **48 hours** of work.

8 hours of daily work: from 9am to 1pm and from 4pm to 8pm.

Set of masks designed by Alfred Casas.

## PROJECTE LONGÀNIME

We chart our course in search of a theatre respectful of the forms inherited from tradition. We focus on the performer and on the act of performance, and we understand the audience as both the origin and the destination of our work.

Our goal is clear: to offer a theatre that is direct, close, adaptable to any space, surprising, and comic.

We are Elisabet Castells, Berta Graells, Lluís Graells, and Carlos Ulloa.

We combine artistic creation with theatre teaching within the Catalan and European scene, with a special focus on the work of gesture and mask.
